"I love the community feel of Hamilton. Whether it's a best friend, a professor, the staff, or the acquaintances you always see on Martins Way, everyone here is so friendly. Even after I set foot off the hill, I know that Hamilton will never leave me. I already notice the Hamilton network; there is an instant connection among Hamilton students who spent their college years at a place they love so much." —SARA CARHART '07

Cons

Students and community members take full advantage of the new fitness facilities, including the three-story climbing rock wall.

A Changing Campus

The many construction projects on campus this past year included finishing touches on the new fitness center and squash center, renovation of the Glen House following a generous $150,000 alumni donation, and extensive renovation to the former Sigma Phi house as it became the new Admissions building. Continuing plans include additions to and remodeling of Kirner-Johnson and a multi-million dollar arts facilities project that will include a new theater, gallery, and classroom space for the arts programs.

John Hubbard

$40,000+ gets you into what I'm convinced is the best and proudest legacy in the world. And for me, every single penny was worth it. Once a Hamiltonian, always a Hamiltonian.

Al Gore

Great Names

Al Gore, the 45th vice president of the United States, was the 15th lecturer in the Sacerdote Great Names Series. Mr. Gore's lecture on the threat of global warming, "An Inconvenient Truth," was accompanied by the multi-media presentation on which his best-selling book and Academy Award-winning film of the same name are based. Gore asked those in attendance to take on global warming, calling it "the most dangerous crisis we have ever faced in our civilization."

President Stewart introduced Mr. Gore, lauding his long career of public service. "What interests us most tonight," she said, "is the courageous and determined way he has turned disappointment in the 2000 presidential election into a crusade against global warming." President Stewart noted the commitment of the Hamilton community to sustainability, including the recent certification of the Skenandoa House by the U.S. Green Building Council, and her recent signature to the American College and University Presidents Climate Commitment. She called Hamilton's commitment to combating climate change "a part of Mr. Gore's legacy."

Mr. Gore came on stage to a standing ovation from the capacity crowd in the Margaret Bundy Scott Field House. Mr. Gore began by recognizing several special guests in the audience including Sherwood Boehlert, the recently retired Republican Congressman from the 24th district of New York, who fought alongside Gore in Congress to bring attention to the issue of climate change. He applauded Congressman Boehlert for seeing global warming as a bipartisan issue. "This is not a political issue, it is a moral issue," he said. "It is not about left and right, but about right and wrong."

After his lecture, Gore answered several questions that were submitted by members of the Hamilton community and read by Onno Oerlemans, professor of English and chair of the college's environmental studies program. In response to a question from Paxton Ramsdell '07 on the responsibilities of colleges, Gore called on today's college students to take the same leading role in the fight against global warming that his generation's college students took in the civil rights movement.

Professor of French John O'Neal asked Mr. Gore about the absence of global warming from the mainstream political agenda, particularly in the upcoming presidential race. Gore said that he hopes the 2008 campaigns will have a prominent dialogue about global warming, and that he believes it will soon become one of the most important issues on our national agenda. "The truth will carry a moral imperative," he said.

Class of 2007 & Volunteer Fund

Lasting Gifts

The Class of 2007 Senior Gift Campaign was a great success. Early in the school year, the entire Class of 2007 voted on a gift. The clear winner was a Volunteer Fund to benefit individuals and organizations who wish to do volunteer work through the College.

The Volunteer Fund will be allocated through the Dean of Students office, namely through the College Chaplain. The fund will be invested and will grow over time. It will be in addition to, and not replace or be in lieu of current funding that individuals and existing organizations such as HAVOC and Alternative Spring Break already receive. The Class of 2007 will fund individuals and existing groups or new volunteer organizations that get underway in the future.

The Committee, co-chaired by Eileen Starrett and Rob Rosenzweig, worked tirelessly toward their goal of record-breaking participation. It was the committee's hope to be able to attain the highest participation goal ever for a Senior Class Gift. When all was said and done, after numerous solicitation events and much of press about the gift, the committee proved successful. On graduation day, the Class of 2007 surpassed the record previously set by the Class of 2003, reaching a staggering 97.6% participation rate.

The Class of 2007 should be immensely proud of our accomplishments. The Class of 2007 Volunteer Fund will be a lasting legacy to Hamilton College and members of the class and any community member, for that matter, will be able to contribute to this wonderful cause for many years to come.

—Eileen Starrett '07

One of the most important factors in my choice Hamilton was the campus dichotomy, a vestige of our history with Kirkland College. I maintain today that this is one of our strongest attributes.

—Andy Mention '07

My boss couldn't understand why I liked going to school in Central New York (...this is a fairly reasonable grounds for confusion...). I told her I liked Hamilton because of 'peace, quiet, and beer.' She responded that, 'those things rarely go together.'"

When I got to Hamilton 4 years ago I was terrified and upset to be leaving all of my high school friends. I remember my mom saying to me: I know it seems hard to believe, but in 4 years you will be even more upset to be leaving here. Needless to say she was right. So thank you to all of those who have made this such an amazing experience. In particular, thank you to all my track girls who made me feel so welcome when I joined the team a year late. Thank you to Liz for being the kind of person every member of my family loves on sight. Thank you to Scott for being such a huge part of my college experience. In spite of ups and downs, you know that I love you and will miss you. Most importantly, thank you to the two people who have been there for me through everything in my Hamilton career: Abigail and Sarah. I love you both so, so much and the idea of not seeing you every day breaks my heart. You two are beautiful, talented, and brilliant and I cant wait to see how much you achieve in the coming years.

"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brillian, gorgeousm talented, fabulous? Actually, who are you not to be?[...] Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people wont feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory... that is within us. It is not just in some of us, it is in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others." Hamilton has been making great progress in terms of minority representation, but there is much work to be done on integrating minority groups with the larger campus. Groups tend to clump, and stay within their comfort zones, but this clumping is significantly stifling progress.

"O me! O life!... of the questions of these recurring, Of the endless trains of the faithless—of cities filld with the foolish, Of myself forever reproaching myself, (for who more foolish than I, and who more faithless?) Of eyes that vainly crave the light—of the objects mean—of the struggle ever renewd, Of the poor results of all—of the plodding and sordid crowds I see around me, Of the empty and useless years of the rest—with the rest me intertwined, The question, O me! so sad, recurring—What good amid these, O me, O life? I would like to say thank you to everyone who has been a part of my life the past four years. My time at Hamilton is filled with memories and friendships that will last a lifetime. "I wanderd lonely as a cloud That floats on high oer vales and hills, When all at once I saw a crowd .... In vacant or in pensive mood, They flash upon that inward eye Which is the bliss of solitude, And then my hear with pleasure fills.." -William Wadsworth- Til next time

In the words of our dearest family friend: "All young people your age should be radicals, otherwise they have grown old and unimaginative too early. But your ideas I'm sure will also have the depth of experience that comes from the work that you have undertaken on the Hill. I'm more overwhelmed than ever at how much you've accomplished so quickly—astounded at how much of the world you have not only seen but already begun to influence."—Timothy Hutchens, Class of 1960. Hamilton offers us more than most of us realize—there really is plenty to do over the course of four years. Keep trying new things—swing on the hammocks at the Glen House, hop in the car to Tex Mex, enjoy croquet on Minor Field, jog the G-Road loop (it's beautiful!), peruse the Emerson Gallery, take in the tremendous acoustics of Wellin Hall, try Commons sushi for the first time. Take advantage of the myriad resources available to us here on the Hill, and make a leap of faith—go abroad and get lost before finding your way back here, home. Good luck!

This year, Gillian McDonald became the fifth head coach in team history, leading a team that returned six of the seven players who scored a goal in the 2005 season. There were a handful of award winners on this year's team. Kerry Leonard '07 was selected to the all-New York State Women's Collegiate Athletic Association field hockey team on Nov. 14. Jess Goldberg '08 tied for fourth in the Liberty League with 10 goals and was sixth with 1.50 points per game, finishing with 21 points. This season, Goldberg is the first Hamilton player to reach double-digits in goals in more than 10 years. Courtney DeMaria '10 was third in the league with 7.46 saves per game and started all but one game in her first year. She posted a 2.21 goals against average and made 97 saves for a .782 save percentage. The final overall record was 5-9.

Head coach Steve Stetson, who in 1984 led Hamilton to its first winning season since 1967, returned to the hill this year. Back for a second term, Coach Stetson's goal is the same as it was 25 years ago: to turn Hamilton into a consistent winner again. Showing signs of progress, the hardworking team and coaching staff finished with a record of 2-6. The defense boasts the 10th ranking in NCAA this year, with only 10.3 points allowed per game. While 10 seniors graduate this year, next year's team has a promising lineup and its future looks bright.

Rogan, along with Ian Hildebrand '07 and Pat Suarez '07, were selected to the NCAA Division III all-Northeast Region team by the National Soccer Coaches Association of America. Although the young team got off to a rocky start on their twelve game season-opening trip in Florida, they ended the season strong with a double-header sweep of St. Lawrence University. Megan Coughlin '09 pitched a six-hit shutout and went 3-for-3 with a double as Hamilton won the first game 8-0 in five innings. The game was stopped after the top of the fifth due to the eight-run mercy rule. The horrible weather that plagued the region played havoc on their schedule. Recognition for academics continued as Jen Sadowsky '08 was recognized as a NESCAC all-academic selection.

With the late stay of winter weather, many games this season were forced to be rescheduled or moved to alternate locations, and the games themselves proved rough as well for the Continentals, who ended the season 8-16-1. Kevin Coppola '07 was honored as a NESCAC all-academic selection. Bryden Considine '08 was selected both the Division III New England region's Pitcher of the Week by the ECAC and was selected the NESCAC Pitcher of the Week in the same week of March. Winter recognized as the Division III Upstate region Offensive Player of the Week by the Eastern College Athletic Conference and was also honored as the Liberty League's Offensive Performer of the Week. Breaking school records was a recurring event for this track and field team. Rachel Bennek '07 was selected to the 2007 Academic All-District Women's Track and Field/Cross Country Team by the College Sports Information Directors of America. At NESCAC championships, Jen Orbaker '07 finished first in the high jump, Akilah Bond '09 second in the triple jump and Laura Belden '07 took second place in the javelin throw. All three made the all-NESCAC team as a result. The team set or tied five school records during both the championship meet and their own invitational earlier in the year. At the NYSCTC championships, Bond broke the school record for long jump and, along with Liz Wahl '10, Alex Americanos '10, and Katie Mann '10, set a new record for the 400-meter relay. Amanda Salisburg '08 set a new record on pole vault as well. Bennek's finish in the 800-meter run earned her a place on the all-state team.

Women's Outdoor Track and Field Men's

Winter weather plagued the team through the end of April, but despite the cold and precipitation the team had many strong finishes. Allan Guiney '08 and TiDelco Ductan '09 won events at the Ithaca College Invitational. Peter Kosgei '10 broke school, meet and facility records in the 800-meter run and James Russell '09 broke school record in the pole vault at Hamilton's own invitational. Kosgei was Liberty League outdoor Rookie of the Year and a co-Track Performer of the Year. He is the first NCAA Division III champion and the third All-American in Hamilton men's track and field history. He finished first in the 3,000-meter steeplechase at the NCAA DIII meet as he set school and facility records. Jovan Livada '08 and Rob Taylor '07 were recognized as spring all-academic selections by NESCAC.

H CLUB

CLUB SPORTS ARE TRULY A UNIQUE FEATURE OF THE HAMILTON COMMUNITY. THEY ALLOW AN ATHLETE TO CHOOSE HIS/HER OWN LEVEL OF PARTICIPATION, BUT STILL COMPETE CONSISTENTLY AGAINST OTHER COLLEGES. DURING THE FOUR YEARS I have been at Hamilton, club sports have experienced significant growth due largely to the commitment of individual students. This past year, club sports membership reached approximately 250 students. The three largest teams, the men and women's Rugby teams and the Ultimate team, have risen into prominence in their respective sports. All three teams sported winning records and won various tournaments during the 2006-2007 school year. The former two even won state championships. Women's Golf, Nordic and Alpine Skiing, Tae Kwon Do, Fencing, Equestrian, Cycling, and Sailing have traveled up and down the east coast winning both individual and team awards.

Club Sports offer members exposure to alternative leadership styles. Student leaders are able to interact with players using a specific physical skill set as a medium of communication. The relationships fostered by club sports create lasting friendships and the physical activity they provide is important for a balanced lifestyle. Club sports at Hamilton offer a truly unique lesson in teambuilding, sportsmanship, time management, and leadership.

Ultimate Frisbee

The Hamilton Ultimate team (Hot Saucers) achieved their first winning record in 4 years by finishing the fall 2006 season 12-6. They won two tournaments: Susquehanna University's Ground Chuck, and Green Mountain College's Art of the Zen IV. Unfortunately, they were unable to follow up this success in a shortened spring season due to inclement weather. Look for the Hot Saucers to have a great 2007-2008 season as they only lose two seniors, Annika Savio and Greg Esser.

The Alpine Ski Team trains at Labrador Mountain in Truxton, NY, an hour south of the College. The team experienced its best season this year, including numerous top 3 team finishes, the top male skier in the Adirondack Division (Gregory Fullman '09), and the women's team finished 6th at Regionals, one spot away from qualifying for nationals. In addition, Rebecca Yaguda '09, Jennifer Milne '09, and Fullman each placed in the top 3 at seasonal races. The women's team finished the season 3rd out of 6 teams, and the men's team finished 4th out of 7 teams. This year, the team will only lose one senior, Meghan Hepp. Overall, the team raced much more competitively than they had in previous years, and they are looking forward to performing even better in following seasons.

Under new head coach Ann Brown, Women's Rugby dominated their opponents during the fall season, outscoring their opponents by a massive margin over the course of the season, including almost 200-0 in just their first three games. To cap their impressive season, the women captured the State Title. The spring tournament season proved slightly more difficult for the team after losing key players to academics and injury, but was still impressive.

Club Golf had a successful season despite the rainy weather that seemed to follow us to every tournament. The tournaments we attended included St. Lawerence, Cortland, and Mt. Holyoke at the well known course "The Orchards." Lauren Steates '07, Jenny Orbaker '07, and Professor Morgan spent five days over spring break in Sun City Center, Florida. Pros Pete Morgan and Jennifer Cully of Apollo Beach Golf Course graciously conducted two clinics and allowed the players use of the course during a week of perfect weather. Three women traveled to the Vassar Invitational in April and competed as individuals in their first college tournament: Ashlyn Lovejoy'09, Caitlin McGilley '08, and Carly McWilliams '09. The tournament was cut to one day because of the northeaster that hit on Sunday. Players practiced at the Turning Stone Golf Resort. The club hopes that in the future we will be able to field at least four women in order to compete as a team.

RAL IM

INTRAMURAL SPORTS AT HAMILTON INVOLVE APPROXIMATELY 40% OF THE STUDENT BODY IN ITS NUMEROUS SPORTING EVENTS. THE SPORTS THAT DRAW THE LARGEST NUMBERS ARE SOCCER, BASKETBALL, ICE HOCKEY, FLAG FOOTBALL, AND SOFTBALL. OTHER SPORTS offered include badminton, racquetball, squash, golf tournaments, a 3v3 basketball tournament, inner tube water polo, lacrosse, and volleyball. These sports provide the opportunity for students to meet other students, explore their competitive side, and engage in some friendly camaraderie with friends and classmates.

The Hamilton experience would not be the same without at least one encounter with the intramural program; I know that mine would not be. I was involved with the program as both a player and organizer since freshman year, and was fortunate enough to experience the increased success of the program first hand. My involvement as a player began freshman year during the fall soccer season. Since then, my teammates and I participated in all three soccer seasons. Our four year experience together included playing the fall season final the snow, winning in the A-league indoor soccer final our senior year, and playing our first spring season game in the snow.

Under the new guidance of Dave Thompson, the Director of Fitness Center and Campus Wellness, the program is in the middle of some major improvements. In particular, the formation of an intramural committee composed of six students dedicated to improving all aspects of the program. Their goals include constructing a Web site, enhancing communication, pre-planning schedules, increasing publicity, and improving the overall student experience. As difficult as it may be to move on, I leave Hamilton with many fond memories and confident that the intramural program will continue to experience increased success.

To the Class of 2007

As students, our devotion to Hamilton seems almost unquestionable. And even once we're through with our years on our beloved Hill, we remain connected to our Alma Mater through many friendships—both with students in classes under us and in the relationships we have built with our wonderful professors and mentors. With these ties come innumerable memories, and while this book hopes to capture as many as possible, there are so many more carried away with each member of the Class of 2007, and even more left with people here. So, while you may have left the Hill (for now), your time here will always be marked by the memories you have made and the impressions you have left on the people who still remain. Years down the road, hopefully this book will serve as a reminder for any you may forget.

In Thanks

Many thanks are owed to Bob Carper, our Jostens Representative, and Lori Wishert, our Jostens Plant Representative, for their help and infinite patience with the completion of this book. Also to Lisa Magnarelli and Theresa Gallagher for their help and support. Virginia Dunn is instrumental in the distribution of the book every year and lends her time to getting mailings out. The Athletics section could not have been completed without the generous aid of Jim Taylor, Sports Information Director, and the use of photographs by John Hubbard. Thanks to Dave Thompson for information on intramural and club sports. Thanks to Cathy Brown, Art Director, and her interns, Gregory Huffaker and Laura Bramley, for their aid in finding photos for the book. Shannon Mims, Mellissa Kong, Amy Tannanbaum, Julianne Tylko, Caroline Sprauge, and Carl Pfranger were extremely helpful with their ideas and contributions. Apologies and thanks to anyone I've forgotten in this brief bit of recognition.

Colophone

The Hamiltonian is produced yearly for the graduating class by students of Hamilton College. This issue was printed by Jostens and produced in Adobe InDesign CS2. Headings were done in Bodoni, with body text in AYT Lynn. The candids section employed AYT Hedgehog and ATY GoodName. This year, the size of the book decreased to 7.75 x 10.5" but 32 additional pages were added to supplement the available space.
